

# Questions to Facilitate Discussion

- What information was unclear & needs further clarification?
- What do you lack that will limit your ability to respond to the feedback questions?
- What strengths & weaknesses can you identify in our program?
- Can you identify any significant holes in our data collection programs, hypotheses, laboratory & field studies, etc. that will limit our decision making ability?
- What areas can be marked as "Complete?"
- What conflicts with "accepted mercury wisdom" can you identify in our results to date?
- Please comment as you are able (non-CBI) on efforts by others to address the issues we confront in the South River, including similarities & differences between approaches & programs.
