

Total Suspended Solids in Unfiltered Surface Water
Phase I System Characterization
Ecological Study

Total Mercury in Unfiltered Surface Water
Phase I System Characterization
Ecological Study

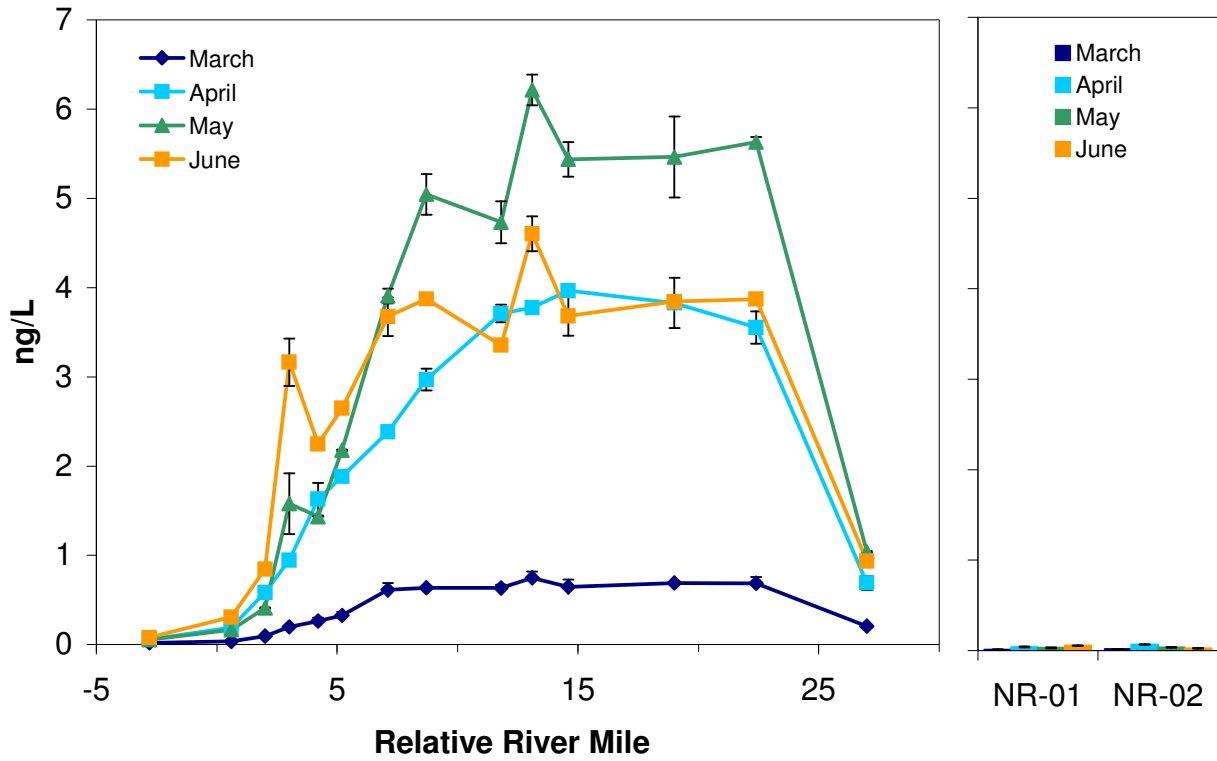

Total Mercury in Filtered Surface Water
Phase I System Characterization
Ecological Study

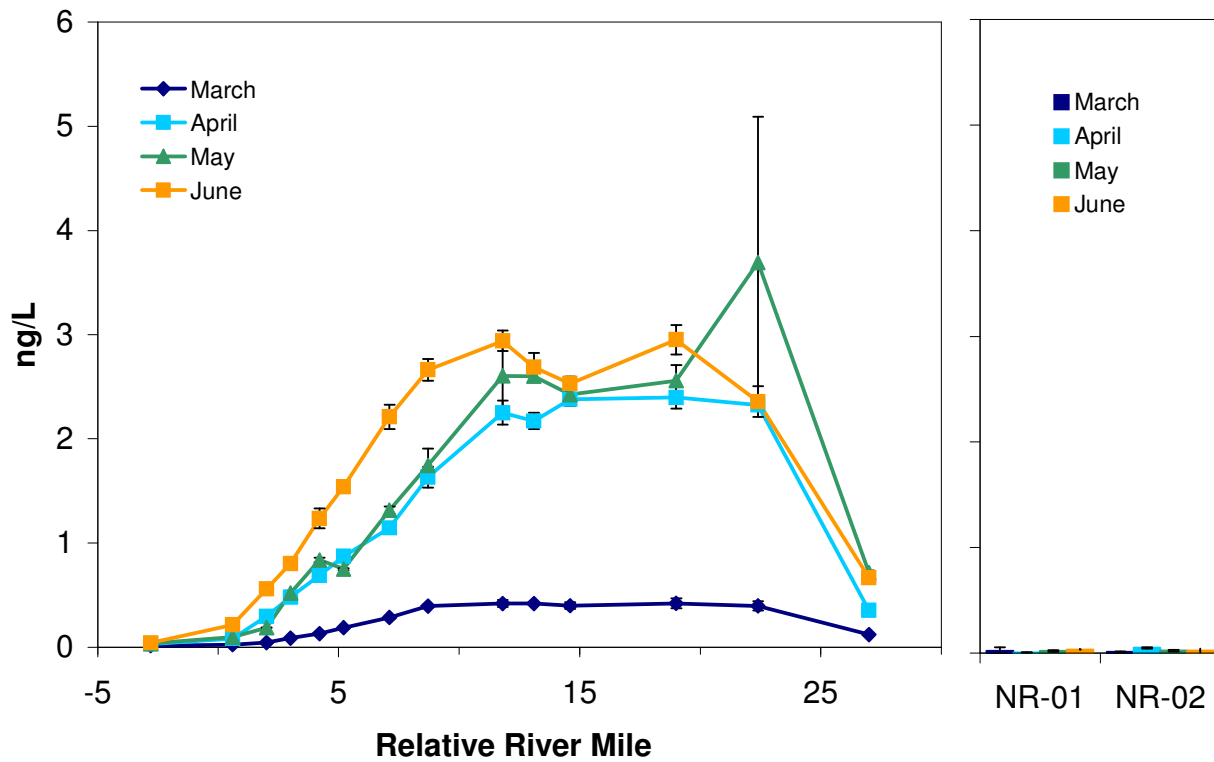

*Outliers removed at RRM 7.1 and 11.8

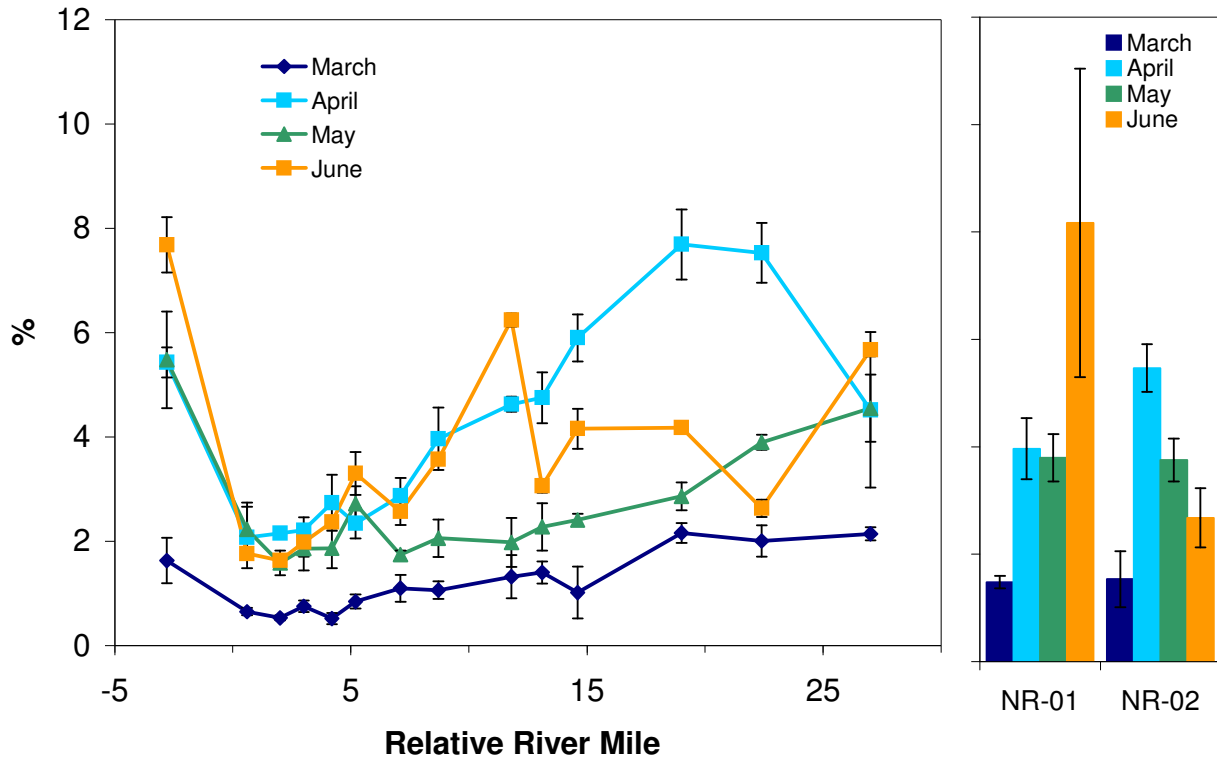

Methylmercury in Unfiltered Surface Water
Phase I System Characterization
Ecological Study

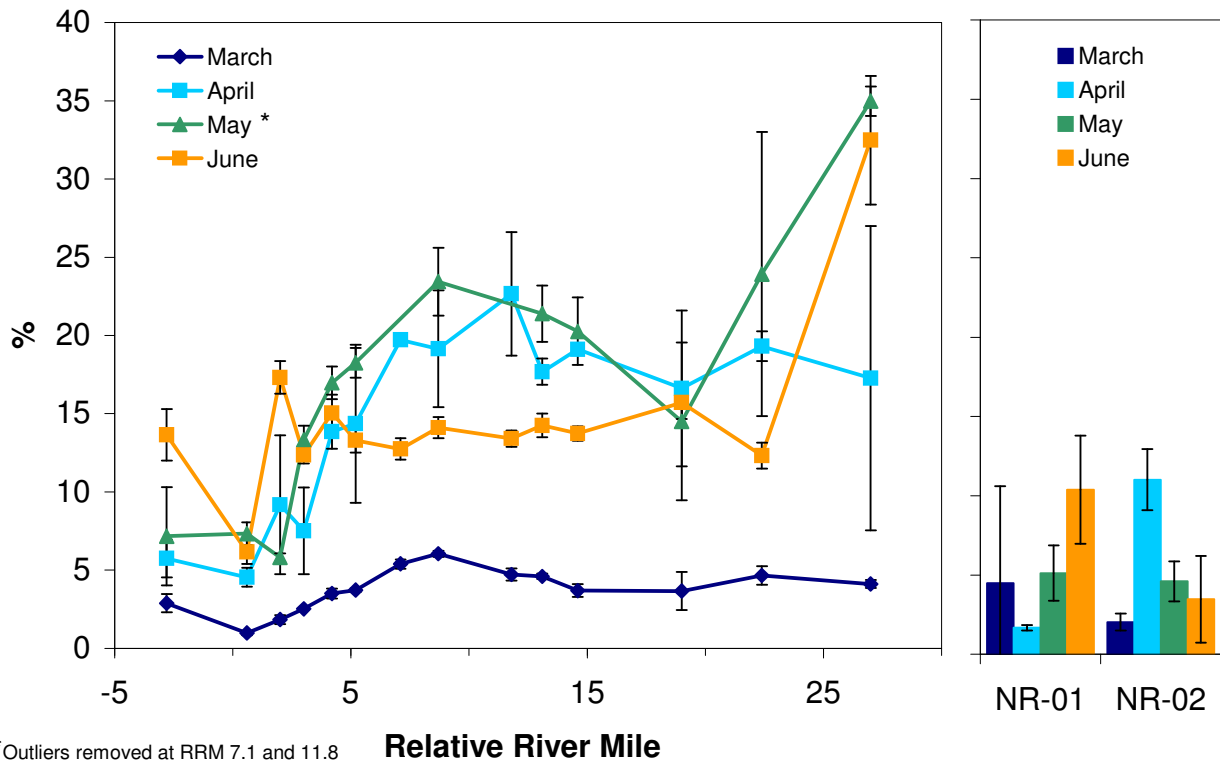

Methylmercury in Filtered Surface Water
Phase I System Characterization
Ecological Study

Percent of Total Mercury as Methylmercury in Unfiltered Surface Water
Phase I System Characterization
Ecological Study

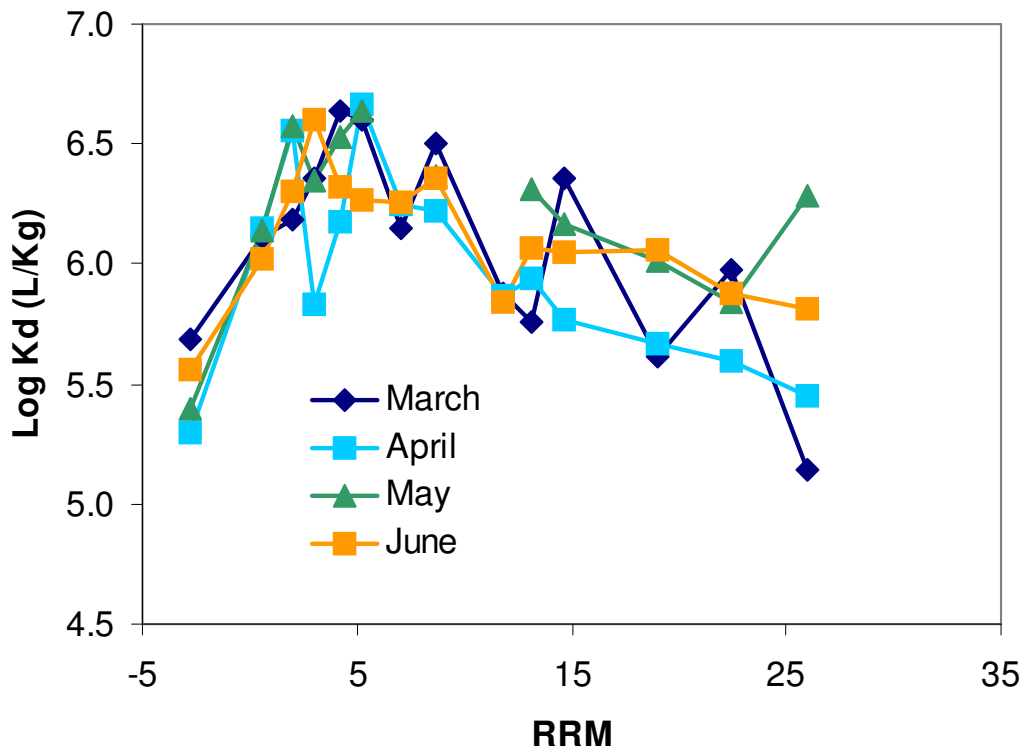

Percent of Total Mercury as Methylmercury in Filtered Surface Water
Phase I System Characterization
Ecological Study

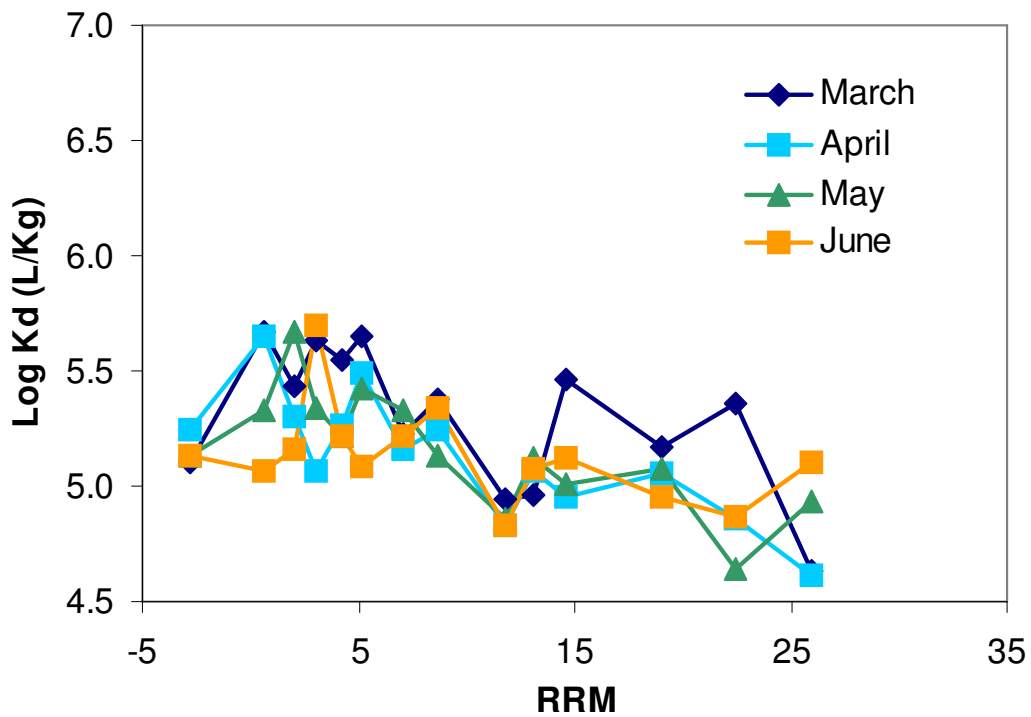

*Outliers removed at RRM 7.1 and 11.8

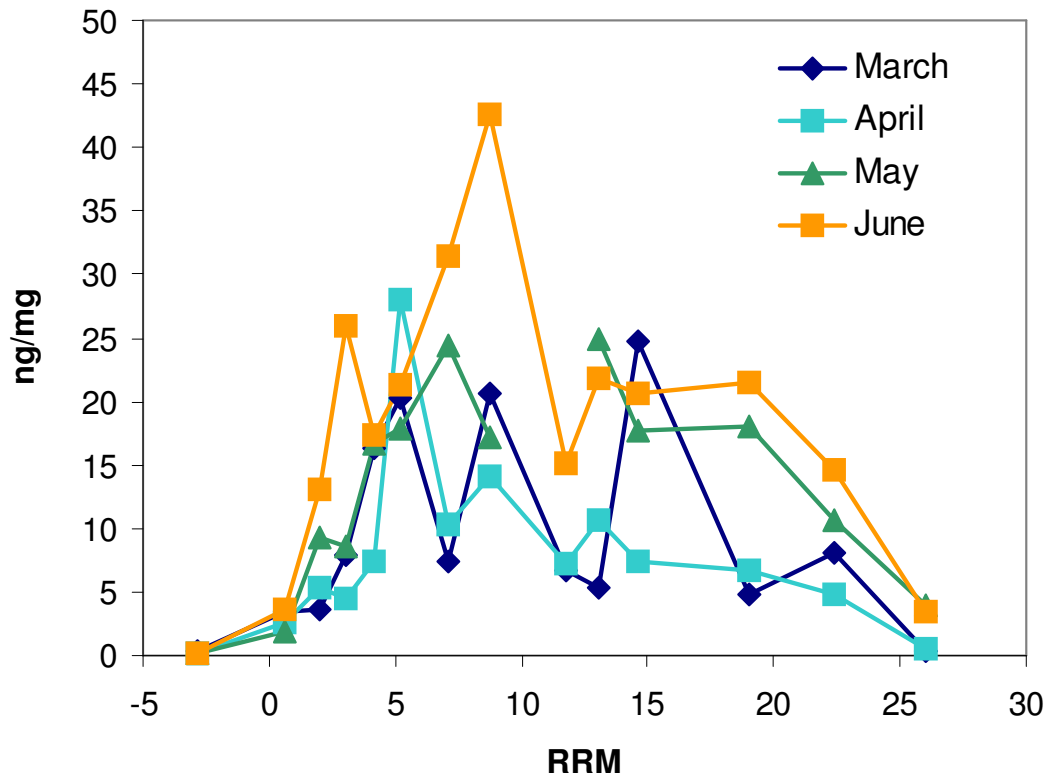

Particle-Water Partition Coefficient: Total Mercury
Phase I System Characterization
Ecological Study

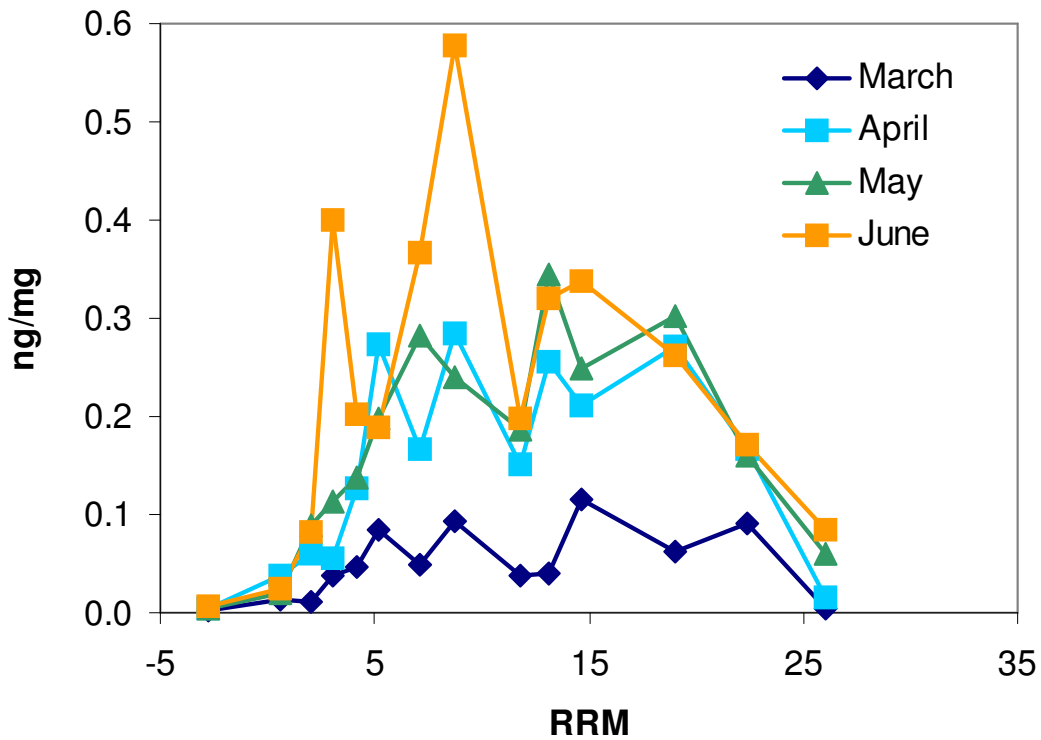

Particle-Water Partition Coefficient: Methylmercury
Phase I System Characterization
Ecological Study

Concentration of Total Mercury on Particles
Phase I System Characterization
Ecological Study

Concentration of Methylmercury on Particles
Phase I System Characterization
Ecological Study

Percent of Total Mercury as Methylmercury on Particles
Phase I System Characterization
Ecological Study
